8. Which Team have played most number of drawn games each season

9. Which team have scored maximum away goals across seasons

10. Which season has least number of home goals scored

**Note:**

**This is a sample English Premium Football league assignment, with below assumptions:**

1. Three points are awarded for a win, one point for a draw and none for a defeat, with the team with the most points at the end of the season winning the Premier League title.
2. The teams who finish in the bottom three of the league table at the end of the campaign, are relegated to the Championship, the second tier of English football.
3. If any clubs finish with the same number of points, their position in the Premier League table is determined by goal difference, then the number of goals scored, then who scored most away goals in the head-to-head.
4. The teams who finish in the top four of the Premier League, qualify for the next season's UEFA Champions League group stages.
